

# Mission: *Christmas!*

Through our Mission: Christmas event you help a family have the joy of a Christmas gift bought just for them. Families across the KC area stock the Christmas store so that parents of income-qualified families can pick between 2-3 gifts per family member. Below are complete lists for each group. Not only does this provide for the blessing of the gift, but also the blessing of dignity for the parent as they can pick gifts for their loved ones like most of us are able to do. What a great way to extend God's love at Christmas time!
